

Classwork: Programming Launch

100 points + 10 bonus points | Welcome, Teams, Code Crew, and Code.org

Student name

Date

Part 1 - Meet the Class

20 points

Participate in the class icebreaker. Share only what feels comfortable. A location means city/state or country, never a street address.

☐ I participated or respectfully chose to pass.

Part 2 - Find Your Way in Teams

20 points

Write what you use each space for.

Classwork

Homework

Hangout Session

When is the Hangout Session?

Privacy check: What should you never share in class chat?

Programming Launch

Classwork continued

Part 3 - Code Crew Breakout

20 points

Which role did you try? Check all that apply.

- ☐ Captain ☐ Coach ☐ Reporter

How did you help your crew?

Part 4 - Create in Code.org

30 points

- ☐ Opened Music Lab
- ☐ Completed introductory challenges
- ☐ Used at least two sounds
- ☐ Tried AI-generated drums when available

What changed when you moved or changed a block?

What did the AI feature add to your project?

Programming Launch

Reflection and bonus

Part 5 - Reflection

10 points

What did you learn about programming or teamwork today?

Bonus - Imagine the Next Feature

+10 points

Describe one feature you would add to Music Lab. Explain how AI could help with it.
