Challenge: You're a Designer!

You've been hired as a designer for a brand new company or event. Your job: create 4 real-world deliverables using only AI image tools. First, invent your company/event, then design for it!

Your company/event name:

What does it do? (1 sentence)

DELIVERABLE 1: Event Poster (30 points)

Create a poster that advertises your company/event.

Think about: What's the mood? Who is the audience? What style fits?

Your prompt (include subject, style, mood, colors):

Art style chosen:

Rate the result (1-5):

What worked? What would you change?

DELIVERABLE 2: Logo Design (20 points)

Create a logo for your company/event. Logos should be:

simple, memorable, and work at small sizes. Try: 'minimalist logo, flat design'

Your prompt:

Rate the result (1-5):

Did it look like a real logo? Why or why not?

DELIVERABLE 3: Book or Album Cover (20 points)

Design a cover for a book or music album related to your brand.

Think about: genre, target audience, visual storytelling, typography style.

Book or Album title:

Your prompt:

Rate the result (1-5):

How does the image tell a story about your brand?

SUBMISSION: Submit to Ishwari Raut ma'am

Challenge Classwork | Total Points: 100 (+10 bonus)

DELIVERABLE 4: Social Media Post (10 points)

Create an eye-catching image for Instagram/TikTok promoting your brand.

Social media images need to: grab attention instantly, be colorful, tell a story fast.

Your prompt:

Platform (Instagram/TikTok/YouTube):

Rate the result (1-5):

REFLECTION: Designer Review (10 points)

Q1: Which deliverable turned out best? What made that prompt work?

Q2: What's hard about designing with AI vs. doing it yourself?

BONUS: Client Presentation (+10 points)

Write a 2-3 sentence 'pitch' explaining your brand and how AI helped you create the visuals. Pretend you're presenting to the client!
